- Structure Cabling System
- IPTV, SMATV Sytem
- IP CCTV System
- IP Telephone System
- Home Automation System
- Access Door System
- Door Entry Phone System
- · Public Addressable System

03

Procurement

The right goods and services, at the right time, at the lowest cost. That sums up our approach to procurement, and we have the experience, the tools, and the know how to make it work.

By providing in t egrated, reliable, and cost - efficient supply chain management services, we helpen sure the success of projects large and small.

Operation & Maintenance

Our Engineers & Technicians are thoroughly trained in managing the performance of predictive and unscheduled tasks that prevent equipment failure. We work closely with our clients to increase efficiency, reliability and safety and effect substantial energy savings using cost-effective O&M methods that pay for themselves over a short periodof time.

02

Principles of our Maintenance Management

- Your Asset will be properly and ade quately maintained not just repaired.
- Preventive Maintenance programs are used to optimize the cost model.
- Planned Maintenance, Corrective Maintenance & Responsiveness.
- Implement a Total Cost of Ownership or Life Cycle Program for equipment.
- Manage the operations and maintenance of your asset for less.

05

Engineering

The capabilities in engineering services offered by 3RZHU &ORXG include:

- Conceptual Design and Design Development.
- Planning.
- Coordination.
- Procurement and Inspection.
- Project Management.
- Installation.
- Testing and Commissioning

Power Cloud Trading & Contracting Company Profile 17 / 65

Company Legal Documents

فاير كلاود للتجارة والمقاولات والخدمات ذ.م.م. FIRE CLOUD TRADING CONTRACTING & SERVICE W.L.L.

To Whom It May Concern,

Subject: Introduction and Collaboration as a Sister Company of Power Cloud Trading and Contracting

We are pleased to introduce Fire Cloud Security Solutions, a sister company of Power Cloud Trading and Contracting, specializing in firefighting and fire alarm systems. Our company was established in 2017 and has since been dedicated to providing exceptional services in the field of fire safety and security.

As a sister company of Power Cloud Trading and Contracting, all fire alarm and firefighting works falling under Power Cloud's scope are handled by Fire Cloud Security Solutions. We take pride in our expertise and commitment to delivering high-quality solutions that meet industry standards and exceed client expectations.

One of our key responsibilities is to ensure compliance with Qatar Civil Defense (QCD) regulations and standards. We are an approved QCD contractor with a team of QCD approved engineers who are well-versed in the latest fire safety protocols and technologies. Our team is dedicated to ensuring that all projects meet and exceed QCD requirements, providing our clients with peace of mind and confidence in their fire safety systems.

Our services include but are not limited to:

- 1. Fire Alarm System Installation and Maintenance
- 2. Fire Fighting Equipment Supply and Installation
- 3. Emergency Response Planning and Training
- 4. Fire Risk Assessments and Audits
- 5. Compliance with QCD Regulations and Standards

We understand the critical importance of fire safety in various industries and environments, and we are committed to delivering reliable, efficient, and cost-effective solutions to our clients.

We look forward to the opportunity to collaborate with you and contribute our expertise to your projects. Should you have any inquiries or require further information, please do not hesitate to contact us

Thank you for considering Fire Cloud Security Solutions as your trusted partner in fire safety and security.
